### **Remedial Measures to be taken to improve the Feedback system**

- The courteousness of teacher as appeared from the feedback report is 85%. It is a fact that respect and courtesy goes a long way with teacher. To inculcate courtesy, some play way methods, activity etc. should be employed to ensure warmth while teaching them.
- Participation of students in class is 85%. Assess student's prior knowledge and tailor the lesson to build on students already know and it will increase the rate and degree of learning.
- Teacher must show interest in student's opinion then they will feel that their ideas or thoughts are appreciated and it will increase their self-confidence.
- Teacher should foster an ethos of student's participation and well-timed opportunities for them to work together. They will feel successful and more encouraged when new content is linked to what they already know.
- Proper schedule of assignments of every subject must be prepared in advance and should be discussed with students and them feedback will be generated. Due to time problems some topics are left and it can be given as assignments/projects of the uncovered topics.
- To make the course more understandable, teaching techniques like cooperative learning, project based learning, inquiry based instruction should be employed.
- Visual aids such as smart boards and projectors can ramp up the lesson in class. Students will absorb information and have deep understanding of it from hearing lecture along with it.

## Challenges

The results revealed major challenge that teacher should attend faculty development programmes like workshops, induction programmes refresher courses etc.
